

**ROYAL CANADIAN MARINE
SEARCH & RESCUE**

STATION 106 - SHUSWAP

Mayday

(In Immediate Danger!)

1. Push the red DSC button for five seconds (if DSC Radio equipped)
2. Tune to VHF radio **channel 16. Or call 911 giving same info!**
3. Press transmit button and say:
 - “Mayday, Mayday, Mayday”
 - “This is <your boat name> <your boat name> <your boat name>
 - Mayday <your boat name>
 - I am located at <place name, latitude/longitude>
 - I am a <boat description> with <number of people> on board
 - I have a problem with <your problem>
 - I need help with <the help you need>”
4. Release transmit button and wait for response. If no response then wait one minute and try again when channel 16 is free.
5. After placing a Mayday call by radio you may optionally **call 911**.
